### **Priority Four - Maternal Child Health Strategies 2022-2024**

Goal: Achieve equitable birth outcomes for Black mothers	
and babies	
CHNA Key Findings:	<b>CHNA Page</b>
* Mercer County (5.7) has among the highest Infant Mortality rates in the state (4.3)	80-81
and higher than US (5.8). Infant mortality among Black babies is higher than any other	
racial or ethnic group across the state (9.2), Mercer County (11.9) and Trenton (13.9).	
* 65.7% of Mercer County Moms access prenatal care in the first trimester compared to	78-79
NJ (74.5%) and US (77.6%) averages and below the HP2030 goal (80.5%). Black (55.7%)	
and Latinx (51.8%) moms in Mercer County are less likely to access early prenatal care	
than any other group.	
* Breastfeeding at 8 weeks of age at 50.9% in New Jersey. This is a leading priority in	79
Healthy NJ 2020 Plan (State Health Improvement Plan).	

#### **Strategies**

Adopt Substance Abuse and Mental Health Service Administration (SAMHSA) National Center for Trauma Informed Care (NCTIC) 6 Principles for Trauma Informed Care

Incorporate social and emotional support and resources with all services.

Explore models to increase access to affordable housing options within Mercer County.

Train and hire staff from diverse communities to work as community health workers, patient navigators, case managers, care, and support staff.

Partner with social services, employers, housing, faith-based, and other community-based organizations that serve BIPOC populations to host vaccination clinics.

Screen for trauma and behavioral health needs and provide "warm hand off" to connect patients to social support services.

Increase capacity and availability to integrated healthcare and behavioral health services. Increase availability and knowledge of using telehealth for behavioral health management.

X

Provide school-based health and wellness education for students in grades K-12.

Equity strategies <sup>E</sup> are identified where there is an opportunity to address social determinants of health.

Cross cutting strategies  $\frac{\mathbf{x}}{\mathbf{x}}$  are identified where there is an opportunity to make investments in initiatives that can impact multiple goals or objectives.

### **Measurable Objectives:**

- 4.1 By 2024, increase onset of first trimester prenatal care among all pregnant people in Mercer County to align with state average of 75%. (p.84-85)
- 4.2 By 2024, increase the proportion of pregnant African American and Latinx people accessing prenatal care during the first trimester in participating programs by 5% each year. (p. 85)
- 4.3 By 2024, increase participation in pre- and postpartum care programs for delivering person and baby through infant age 2. (p.84-85)
- 4.4 By 2024, increase the onset and duration of breastfeeding through infant age 1. (p.84-85)
- 4.5 By 2024, annually make 1000 perinatal home visits to people from Mercer County who gave birth in Mercer County.
- 4.6 By 2024, increase by 10% per year the number of people who receive a referral for social support in the perinatal period who receive the referred service.

consultation service from 7am-11pm 7 days a week, to 24/7.		
4.4(l) Provide human donor milk when necessary as a bridge to exclusive breastfeeding		Capital Health Medical Center (4.6)
4.4(m) Educate Family Medicine medical residents on breastfeeding and providing opportunities for shadowing the Lactation Consultant.		Capital Health Medical Center (4.8)
4.4.(n) Hire Lactation Consultant staff that better represents our diverse patient population4.4(j) Expand lactation prenatal consultations at Trenton OB/Gyn clinic		Capital Health Medical Center (4.9)
4.4(o) Make follow-up calls 2 days post discharge and again at 10 days to all breastfeeding patients.		Capital Health Medical Center (4.10)
4.4(p) Expand Lactation Consultant presence in the Pediatric Clinic from 3 days/week to 4-5 days/week.		Capital Health Medical Center (4.11)
4.4(q) Provide breast pumps to uninsured patients through the "Breast Pump for All" grant funded program		Capital Health Medical Center (4.12)
4.4(r) Establish a formal lactation outpatient service at the Hopewell location.		Capital Health Medical Center (4.13)
4.5(a) Address disparities in postpartum outcomes by starting the "Family Connects" Program in the Spring of 2022 which will provide a home visit or telehealth program to 750 babies born in 2022. Increase program to 1,000 visits in 2023 and 2024.	Central Intake Capital Health Data	Capital Health Medical Center (3.2) CJFHC Maternal Child Stakeholder Group Trenton Health Team
4.6(a) Continue to refer patients to Planned Parenthood and Henry J Austin Clinic		Capital Health Medical Center (2.4)
4.6(b) Implement Merck for Mothers Safer Childbirth Cities to enhance and coordinate additional services that help patients and staff with non- clinical needs and referrals. Hire a program manager from Children's Home Society to work at the OB/GYN		Capital Health Medical Center (3.1) Trenton Health Team Children's Home Society

clinic to coordinate services.	
4.6(c) Supplement Family Connects	Capital Health Medical Center (3.3)
with Trenton Neighborhood Initiative	, , ,
delivery of wrap-around services to	
250 Trenton residents by June 2026.	
4.6(d) Continue For My Baby and Me	HomeFront
opioid treatment program for	Capital Health Medical Center (3.4)
pregnant mother	Rescue Mission
4.6(e) Implement 30% increase in	Capital Health Medical Center (3.5)
blood lead level screening in the	Trenton Health Team
target neighborhood as part of the	
Trenton Neighborhood Initiative	
which funds a lead program staff	
person.	
4.6(f) By December 2024, implement	RWJ (3.2)
trauma informed mental health	
screening as a component of care for	
all patients.	
4.6(g) Ensure staff is trained so EMR	RWJ (3.1)
tracking captures	
race/ethnicity/gender identity of	
patients to measure participation in	
all programs proportionate to the	
underlying population.	
4.6(h) Incorporate staff training of	RWJ (3.3)
indicators to collect social	
determinants of health, and increase	
direct supportive service referrals	
during patient visits and follow up	
tracking by 5% each year	
4.6(i) By December 2024, engage CIA	RWJ (3.4)
(Community Impact Alliance-	
auxillary) to increase relationships	
with partner agencies who provide	
support for women such as housing,	
education, job training, by 10% each	
year.
